New York, Jan. 13.-Speculation on the stock exchange today was with destocks the weakest. The decline was brought about by profit taking, with the support withdrawn by the big fellows to secure some low priced stocks. The money situation was easy with call loans at 4 per cent. Foreign houses were sellers the first hour of all international securities, but about noon they sent in liberal buying orders, supporting Reading around 60 on a liberal scale. They also bought large quantities of St. Paul, Atchison and Union Pacific. The Rocekefeller interests were heavy buyers of the Gould stocks at the decline and especially of Missouri Pacific. Morgan brokers were the largest buyers of Erie, taking the stock steadily on the scale down. Sugar, Copper, Tennessee Coal and Colorado Fuel and Iron were saided by the Waldorf-Astoria crowd headed by Jacob Field and Harry Well. These fellows are well oversold tonight and as the market will open in the morning steady to weak, with all of the bear crowd well oversold, and increased demand from the outside, especially so from the investment buyers, banking interests, pools and bull manipulators, shorts will be forced to cover and buy. Thursday the stock market will assume enormous bull proportions that will bring new blood into the street. Barr Edith rant better prices for all classes of

I Clark, Miss Dean Smith, Mary am an enthusiastic bull on Union Pa- Frianscavitch, clfic and strongly advise everybody to Anna buy heavily as it is right on bottom. You James, Katherine Warner, Amanda 208,000 will notice that today's fluctuations in Kenouff, Margaret Wood, Mary M. 217,000 this security were about 1-2 of 1 per Massie, Dora cent., while the general list was from Millspaugh, Besse Lee 1 to 4 points width. This is evidence Niceler, Lulu that the bull crowd are ready to take

the market price. The general speculation today was Boloy, Minnie Gray Thaddeus what should come after the big ad- Doudle, Mr. and Mrs. P. vance the stocks made last week. It May, 75 1-2 to 5-8; July 76 1-8. On will be noticed that Colorado Fuel and I strongly advise everybody to buy Tennessee Coal and Iron in preference to Colorado Fuel.

made in 1898 and it was \$500. The expenses are small, consisting of postage, printing fees to the secretary of state for the annual report that they are not in a trust, and per diem to the directors. Each director gets \$1.50 a day for work on the board, such as appraising losses, deciding on risks and so on.

Officers were elected as follows: President-S. P. Nickey, Secretary-Joshua Green. Treasurer-Oliver Gibson. Directors-John H. Miller, J. E. Rucker, Henry Brown.

How it Happened That He Got That Big Bump on His Head. Tuesday J. H. Dowden filed in the county court an information charging

Dudley Sams with assault and bat-

More than three weeks ago there was fight one night in the saloon of M. Haher on South Park street. Apparently the officers could never learn anything about who was concerned in that melee which for a moment created not a little excitment. Yesterday Dowden explained that he was in the midst of the melee and that Sams was taking pokes at him with a pair of knucks or something of that kind. Dowden still has on the back of his head a knot as big as an egg which he declares is the result of the beating he

To Aid Needy Children. Truant Officer J. C. Owens has found many cases of distress among the little boys and girls he is hunting up to return to school. The majority of them need clothing and shoes. The truent officer suggests that a vacant room in some of the schools might be set aside when pupils could leave cast off clothing and shoes for the use of the less fortunate. With such a department the children would become interested in maintaining it to, the great benefit of the needy. All kind of clothing are needed, shoes especially. Truant Officer Owens has practically made up his mind to ask for a room in one of the public school buildings.
